

## **Safe Water Supply, Sanitation and the Child**

A consultation meeting on “Safe Water Supply, Sanitation and the Child” was organized as part of *Ensuring Quality Education for All Initiative* of KATHA, NIUA and IHC in New Delhi on January 8, 2011. It was attended by representatives of Government of India, Delhi State Government, international organizations, research institutions, NGOs and community-based organizations of low income areas in Delhi. The meeting provided a platform for interactive dialogue between Government and community organizations for creating a healthy environment by provision of safe water and sanitation facilities to improve children's health and well being.
